Claims 1-39 were pending in the application and the Examiner states that the claims are subject to restriction action and/or election requirement. Applicants cancel claims 14-18. No new matter is added in this Reply. Reconsideration of the pending claims is requested.

- Group II: Claims 14-18, drawn to a substrate cutting system including substrate floating units for supporting the substrate with air.

Applicants hereby elect Group I, consisting of Claims 1-13 and 19-39 for prosecution in this application. Applicants have selected Group I in order to expedite prosecution of this application.

The Examiner also requires an election of a Group of Invention and cites 8 groups (Group IA – Group IH).

Applicants hereby elect Group IB, claims 5-9, 11 and 39, drawn to a substrate cutting system including a steam unit section for spraying steam onto the substrate.
